NMI Report

Introduction

God does what he does in the world through us.

We are arrows in the hand of God -
focused, strategic, balanced and committed.

-MYLES MUNROE-

UPDATE

Kris-Ann Bennet – Kissed by the Lord, soft spoken, eloquent, “Wanderer for Christ” who after a decade of service is on leave of absence from Wycliffe Bible Translators (literacy, Bible translations & scripture use) and is now contemplating ministry in the humanitarian sector.

UPDATE

Pastor Amalia Henao – Bloom where you are planted. While stuck in Columbia due to the pandemic, she recognized & took advantage of the God created opportunities to plant a church, create space for & develop children's ministry, minister to coffee pickers & their spouses, etc. Every step of the way, her question was "what's next?" as she opened herself to where God was leading her. Columbia will never be the same because of the sacrificial work of Pastor Amalia
